Subject: Dimock Calls Today

FYI..... Shawn does not plan to do a prebrief call today but still intends to participate in a 4:30 call with Mathy and Bob S. Shawn will take the call from the road. I and maybe Bill Early will take the call from here at the COOP.

Shawn does want to initiate discussion today with HQ about the timelines; focusing mostly on the activities to be accomplished and telling them we are still working on better defining target dates for accomplishment and we will get them something early next week to actually review.

Thanks, den.
